**why live on campus?**

**better academic performance.**
Research shows that students who live on campus get better grades and are more likely to graduate. What’s more, UB offers living-learning and academic success programs to help students focus their academic efforts. Our programs complement academics and help you grow.

**value.**
Overall, living on campus is a better value for your dollar. Your rent includes all utilities, free internet and cable TV, on-site laundry and much more. Paying for on-campus housing is easy. Rent is billed directly to your account so there’s no need to send monthly checks.

**convenience.**
You’re closer to classrooms, libraries, computer labs, faculty, advisors, health services – all of UB’s services. UB buses and shuttles run more often and to more campus locations than off-campus shuttles. That means you get to and from class faster.

**safety and security.**
Living on campus you are protected 24 hours a day, 365 days a year by more than 60 sworn New York State police officers; live-in professional staff; late night safety walk and shuttle services; public safety aides; and more.

**getting involved.**
Students who live on campus are more involved and build longer lasting connections. Living at UB makes it easier to get involved in hundreds of extracurricular programs, many of which are available exclusively to campus residents. From athletic and cultural events to life skill workshops to late night entertainment – UB’s campus programs complement academics and help you grow.

**Specialty Housing**
UB offers residential learning communities where students with similar academic interests can live together, share enhanced staff support and participate in co-curricular programs specifically designed for them. These communities include interests such as architecture, engineering, health professions, undecided majors, Undergraduate Academies, Daniel Acker Scholars, Leadership House and the University Honors College. In addition to the above, we also have a special Gender Neutral area designed especially for UB students who wish to live in a mixed gender housing environment.

Spaces in all specialty areas are limited and assigned on a first-come, first-served basis. Some programs have specific eligibility criteria or application requirements. For a full list of programs, please visit housing.buffalo.edu/special.

Campus Living Frequently Asked Questions

I have read that applications received by May 1 will guarantee me housing. Is that true?
Yes, we will be accepting housing deposits from new/incoming students beginning in Mid-January. All completed Housing applications received by May 1 are guaranteed housing. A housing application is considered complete after you have completed both your housing deposit/deferment and tuition deposit/deferment, using the date of the last received item.

What does it mean when you say that I am ‘guaranteed’ housing?
‘Guaranteed’ means that you will be assigned housing as long as your application is received by that date. It does not mean that you will guarantee your housing preferences, as spaces are assigned based on the application date. You will receive priority in being assigned to a space, pending availability.

What housing options are available to me?
All students are eligible for on-campus residence hall housing. Those students who graduated from high school 2+ years ago are eligible for on-campus apartments, while those who graduated 1 year ago are eligible for Greiner Hall. Most incoming students will be assigned a residence hall room during the new student room assignment process. Due to the limited availability of Greiner Hall & Apartment space, few incoming students will be assigned to these areas, regardless of eligibility.

What happens if I am accepted after May 1? Can I still apply?
After May 1, we begin accepting applications for a housing waiting list. Once all priority applicants have been assigned, we will begin assigning students from the waiting list based on the following status: out of town freshman, out of town transfers, local freshman, local transfers. Please note that first and second year students will most likely be placed in a residence hall. For full details, go to http://www.ub-housing.buffalo.edu/apply.php

How do I cancel my housing application?
You must put your request in writing and submit it on line at http://www.ub-housing.buffalo.edu/forms.php. In order to receive a refund of your $300 housing deposit, your request must be submitted to the Housing Operations office before May 1 for the fall semester or December 1 for the spring semester (or thirty days from the date of acceptance to the University at Buffalo, but no later than 10 days prior to the first day of classes). Students who officially withdraw or take a leave of absence from the university for the upcoming semester, and cancel after May 1 or December 1 will be assessed a $300 late cancellation charge. Enrolled students for the fall semester are not able to cancel after May 1st. Requests received after July 1st in addition to forfeiting their $300 deposit will also be charged a $150.00 late cancellation fee.
